

■ SINCE THE PANDEMIC:

3/5 OF AMERICANS

say frequent disinfection and sanitization of restrooms in public facilities would make them feel more self-assured.¹

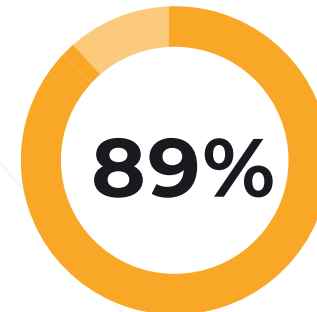

of customers expect businesses to take cleaning precautions and preventions.²

of consumers want to see visible proof of cleaning.²

of U.S. workers consider changing jobs if the workplace isn't cleaned frequently.³

U.S. workers believe cleaning protocols are important in the workplace.³

Cleancode gives occupants confidence.

A SINGLE PLATFORM for creating transparency and accountability around facility cleaning.

With the scan of a QR code, building visitors can view a real-time countdown to the next cleaning of a specific area and a full cleaning history.

Cleaning professionals receive alerts 15 minutes before a countdown expires to ensure cleaning procedures are being conducted on time.

Cleancode provides:

- convenient technology
- transparent updates
- accountable action
- occupant input

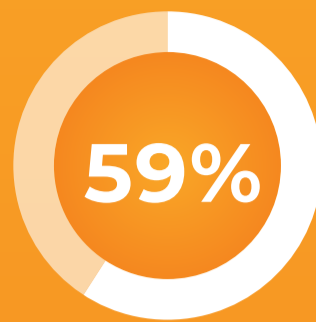

For every Cleancode purchased, Cleancode will donate \$1 to Cleaning for a Reason, a not-for-profit that provides the gift of a clean home to cancer patients across North America.
